

COMMERCIAL LIGHTING PROGRAM

Application Instructions

1. Fill out Section 1 Completely. We will only issue the Rebate Payment to the Cooperative Member (account holder).
2. List the old lighting system, per fixture. Note the lighting type, number of lamps in the fixture, number of ballasts in the fixture, type of ballasts in the fixture.
3. List all of the information on the new LED lighting, including wattage per lamp in the fixture, number of lamps in the fixture, wattage of ballasts in the fixture (if any). Attach any manufacture's sales information sheets.
4. Fill out the form as completely as possible, if you don't know the fixture wattage, provide all of the information available and the Mohave Electric Energy Management Department will complete. Existing fixture types will always be listed as a number and the new will always be listed by letter.
5. Include copies of receipts and a W-9.

Energy Management Department

COMMERCIAL LIGHTING PROGRAM

Mohave Electric Cooperative offers Commercial Members a rebate for replacing less efficient lighting with high efficiency LED lighting equipment. The rebate is \$.10 per Watt of lighting load reduction with a maximum rebate of \$5000. All Rebate Applications must be accompanied by installation invoice and a W-9 form.

Rebate Applications must be submitted to Mohave Electric Cooperative, Energy Management Department, PO Box 22530, Bullhead City, Arizona 86439 or email to energysavings@mohaveelectric.com.

Rebates are payable to Cooperative Members only; Mohave Electric will not issue checks to third parties.

Phone Number _____

Hours of operation _____

Rebate payment Issued To _____

Mailing Address: _____

Please list the specific lighting sources by fixture type. Most Commercial buildings will have multiple different lighting sources depending on the area they are lighting. If the building uses more sources than the schedules below allow for, include on a separate sheet of paper. Enter the lighting source number or letter in the Lighting Type column of the Rebate Calculation Sheet on page 3.
